

WEATHER FORECAST

SAN FRANCISCO, March 21.—Cloudy and threatening tonight and Wednesday with occasional showers; light southerly wind.

Oakland Tribune.

Not only the best but the cheapest; cheapest because you get more news and better news than in any other evening paper in the State. THE TRIBUNE, 35 Cents per Month.

VOL. XXXVI

OAKLAND, CALIFORNIA, TUESDAY EVENING, MARCH 21, 1899.

NO. 76

TRIBUNE AND THE NEWS.

The Tribune has every reason to be proud of its splendid telegraphic and news service. The people of Alameda county appreciate the fact that the Tribune is the only paper in the county that receives the Associated Press dispatches. A special leased wire runs direct to the Tribune office and the news of the world is received by a special telegraph operator up to 4 o'clock each afternoon. The readers of this paper are, therefore, enabled to secure the news of the world on the day that it happens.

The Tribune spares no expense in its splendid telegraphic service. It realizes the fact that the people want the news of the world and it is going to see that they get it. It must be remembered that the Tribune is the only paper in the county that is entitled to print the Associated Press dispatches. Other papers are welcome to the dispatches after they are printed in the Tribune.

The value of the full service of the Associated Press by a special leased wire direct to the Tribune office will be appreciated by newspaper readers when a comparison of the telegraphic service of the Tribune is made with any other evening newspaper printed on the coast. The Tribune calls attention to these facts because it is proud of its service and is pleased to give its patrons all the news of the world on the day that it happens. The Tribune is now 55 cents a month delivered by carrier.

STRANGLING IN STATE HOSPITAL.

An Inmate Killed by a Fellow Patient at Stockton.

Associated Press Dispatches by The Tribune's Special Leased Wire. STOCKTON, Mar. 21.—Bernard McDermott died at the Stockton State Hospital last night at 11:30 from the effects of an assault made on him Sunday afternoon by another inmate by the name of Thomas Strong.

McDermott and Strong were both inmates of a ward on the second floor of the south wing of the main building of the men's department. The ward is in charge of attendants McIntosh and McIntyre, but only the first was in the ward at the time of the assault, as it was the latter's afternoon off.

Wallo McIntosh was at one end of the right angle he could not see what was happening in the other wing. At about 1:45 he saw McDermott sitting on a bench near a grating window in a sort of stupor, as had been his custom of late. The attendant then went to the other end of the ward. On his return five minutes later he saw Strong standing by McDermott, and the latter had his head drawn back against a bar.

Strong had taken his suspenders off and had made a slip knot and thrown it over McDermott's head, pulling it tight and causing strangulation.

The fact that he killed McDermott did not worry him in the least—in fact, he laughed and thought it an exceedingly good joke.

The body of the deceased was turned over to the authorities.

BILLS SIGNED BY GOVERNOR GAGE.

Associated Press Dispatches by The Tribune's Special Leased Wire. SACRAMENTO, March 21.—The Governor this morning signed the following bills:

Assembly bill 1015—Amending section 2,713 of the Political Code relating to the levy of taxes.

Senate bill 5—Amending the act relating to foreign corporations, approved April, 1878.

Senate bill 730—Adding a new section to the penal code to be known as section 255, relating to the punishment of a person who publishes or circulates a false statement.

Senate bill 538—To pay the claim of San Francisco Chronicle for publishing constitutional amendments.

Senate bill 654—Appropriating \$150 to pay the claim of the Downey Champion.

CORRUPT OFFICIALS INDICTED.

ST. LOUIS, March 21.—The Grand Jury today returned indictments against State Boiler Inspector Charles Price and H. H. Philper, member of the Board of Examiners of Stationary Engines, for receiving illegal fees. Boiler Inspector Price is president of the board. These indictments are the result of an investigation being made into municipal and State officials in St. Louis by the Missouri Senatorial Lexow committee.

Mr. Price surrendered to the authorities and was released in bonds of \$1200.

NEWS OF THE WORLD BY SPECIAL WIRE.

CALIFORNIA BOYS SENT TO NEGROS Volunteers May Soon Come Home.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, March 21.—The War Department has received the following:

"MANILA, March 21.—Adjutant-General, Washington: The transports Ohio and Senator left on 20th. Grant delayed for necessary repairs; starts 25th, carries all sick and wounded necessary to ship. Sherman expected tonight. Commence shipment of volunteers at present. Hope to go so soon. Ship additional battalion California to Negros this afternoon."

MORE CASUALTIES.

WASHINGTON, March 21.—General Otis' list of casualties up to day before yesterday is as follows:

"MANILA, March 21.—Adjutant-General, Washington: Casualties March 17, near blackhouse No. 4: Wounded, Thomas Fenwick, Company E, Second Lieutenant John G. Thompson, thigh, moderate; Private John M. McVey, shoulder, moderate; C. Sergeant Alex McCauch, forearm, moderate.

"March 18, near Taguig killed, Twenty-second Infantry, Company E, Privates John Schmidt, Charles W. Fredericks, Company K, Henry W. Johnson; wounded, Company E, Captain Frank B. Jones, thigh, moderate; Private D. Nelson, abdomen, severe; Charles E. Porter, back, severe; Ralph T. White, hip, severe; William Ellis, thigh, severe; Leander Mingo, thumb, severe; Carl Crumboles, forearm, slight; Morris Porter, toe, severe; Private D. Nelson, abdomen, thigh, severe; Frank Young, chest, moderate; Ber H. Young, leg, severe; Company G, Chas. E. Haley, foot, slight; Frank Rafter, chin, slight; Company E, Earl Edwards, foot, severe; Company M, Corporal James Cunningham, thigh, moderate; Edward P. Wilson, finger, severe. Injured, Company E, Private George Snider, clubbed by enemy, severe.

March 19, wounded, Company K, August Schmitt, arm, slight.

Near Pasig, killed, Second Oregon, Company D, Privates James Page, wounded, M. Corporal Fred W. Brown, leg, slight.

Near Taguig, First Washington, Company K, Corporals Robert W. Hugh E. Waters, lung, severe; Privates Henry O. Ness, arm and side, severe; Edward R. Bartlett, lung, severe.

GREAT RUSH OF HOMESEEEKERS TO THE WEST.

Associated Press Dispatches by The Tribune's Special Leased Wire. ST. PAUL, Minn., Mar. 21.—The homeseekers' half fare rate on the transcontinental lines went into effect today, and the Northern Pacific and the Great Northern were compelled to double their facilities in order to handle the crowd. Not less than 5,000 people took advantage of low rates, and the Great Northern tented out an extra train at noon, while the Northern Pacific was compelled to add a second section to its through trains. The railroad officials report that many of the travelers bought only one-way tickets, which is taken as an indication of an intention to locate permanently in the West.

A MOTHER FINDS HER KIDNAPED BOY.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Ill., March 21.—Gerald Lapiner, 3 years old, who was kidnaped from his home several months ago, was found today at Paysonville, Ohio. Three days ago Mr. Lapiner received a telegram from Sheriff May of Paysonville, saying he had a boy in custody who answered the description of Gerald. Mrs. Lapiner left at once for Ohio, and today telegraphed that the boy was the long-lost Gerald for whom the police have been searching the entire country.

AMERICAN MECHANICS IN SESSION.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN JOSE, March 21.—The State Council, Junior Order United American Mechanics, convened here this morning and will be in session four days. The morning session was devoted to the Credentials Committee. The local Council will entertain the visitors at a banquet this evening.

ITALY RECALLS HER MINISTER. Bungled the Chinese Matter and Is Relieved.

Associated Press Dispatches by The Tribune's Special Leased Wire. PEKING, Mar. 21.—Signor Martino, the Italian Minister, who has been recalled by his Government, has left Peking, and Sir Claude MacDonald, the British Minister, leaves here on Thursday next on leave of absence.

Count Orini Italian Minister at Tokio.

Count Orini Italian Minister at Tokio, has been appointed to succeed Signor Martino, whose recall is due to the disapproval of his Government at the manner in which he handled the San Mun bay affair.

M'KINLEY AT JEKYLL ISLAND.

Rest and Not Politics the President's Program.

Associated Press Dispatches by The Tribune's Special Leased Wire. BRUNSWICK, Ga., March 21.—President McKinley and all the members of the party enjoyed the delightful drives over the large fine roads of Jeckyll Island today. The President is in good health, and all the members of the party are enjoying their stay. Mr. Bliss was their guide in the forenoon drive, and all members of the political party were along.

The President and Speaker Reed have not yet since their practicing on the wharf yesterday. It has been arranged that today between 12 and 1 o'clock all the people on the island shall call informally on the President and Mrs. McKinley at the Baker cottage, and Mr. Reed doubtless will be among the number. Rest and not politics, seems to be the program. The weather is mild and balmy.

FUNERAL OF HERSHELL AT WESTMINSTER.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, March 21.—Funeral services over the remains of the late Baron Herschell, who died in Washington March 1, took place today in Westminster Abbey.

A procession of carriages formed at the residence of the deceased, Grosvenor Gardens, to which the body was conveyed yesterday on its arrival here from Portsmouth. At this residence the body was placed in a glass paneled hearse and the procession proceeded to Westminster Abbey. There the body was taken by the dean, clergy and choir.

The remains were afterwards removed to Waterloo railroad station to be conveyed to Cliffe, Dorsetshire, where they will be interred.

TELEGRAPHIC COMMUNICATION WITH ILOILO.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, March 21.—The Commercial Cable Company this morning issued the following notice:

"We are advised that direct telegraphic communication has been re-established with Iloilo (Panay) and Bacolod (Negros), with the same restrictions as for Manila."

TRIAL OF NANCY GUILFORD BEGUN.

Associated Press Dispatches by The Tribune's Special Leased Wire. BRIDGEPORT, Conn., Mar. 21.—The trial of Dr. Nancy A. Guilford on a charge of murder in the second degree is causing the death of Emma Gill of Southington. The prisoner, whose illness has caused several postponements, was in court and apparently very weak.

Will Raise Wages.

Associated Press Dispatches by The Tribune's Special Leased Wire. CLEVELAND, Ohio, Mar. 21.—The Old Steel Company of this city will advance the wages of about 600 of its employees next week, commencing May 1st. The increase is made voluntarily on the part of the company.

COMBINATION OF OIL COMPANIES. AND TOD SLOAN WAS UNPLACED.

Associated Press Dispatches by The Tribune's Special Leased Wire. PARKERSBURG, W. Va., March 21.—Very important negotiations have just been closed by which the Herby Oil Company, the Fearless Oil Company and McDonald Oil Company, become one corporation which will be one of the largest oil concerns independent of the Standard Oil company. The three companies have been extensive operators in the Sistersville and Elk Fork pools, and have been very successful. The combined production of the three companies will aggregate 2,400 barrels of oil daily, all of which is sold to the Standard Oil Company.

It has been the desire of the producers to enter the West Virginia field, but until now they have been in a position to secure sufficient oil to pay for putting in a line.

Now that the Producers Company is on the case, and with 2,400 barrels daily production, and on and with the cooperation of many independent operators in West Virginia fields, it will build its line direct from Pennsylvania to all the fields in this State.

WORKMEN FIND MORE BODIES.

Growsome Fragments in the Windsor Ruins.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, March 21.—The third body taken out of the ruins of the Hotel Windsor was recovered early today. It was very badly mangled.

It is officially described as the body of a woman about 60 years old, small stature, arms and limbs missing, all hair burned off, second lower back tooth, right side, filled with gold; back teeth, lower left side, gold filled; part of black silk dress, bordered trimmings, and with white lace border; white shirt waist, marked 38, apparently the size; hand of silk dress waist marked "Dou 221 Rue de Par," stamped in gold on the belt. The rest of the mark, evidently indicating the name of the maker, was burned off.

A hundred men worked all night on the ruins. In many places the debris was too hot to permit of work. A number of pieces of bodies were found during the night—bones charred and broken and separated from one another with small pieces of burned flesh on them.

This morning workmen digging at the Fifth avenue side, near the entrance, where the first traces of bodies were found came upon a piece of pelvis weighing about two pounds. Later a workman found what seemed to be the knee cap of a child, with pieces of the joining bones. It was dug up on the Forty-second street side. A pile of damaged clothing was found here. In trying to separate the pieces the workmen found beside clothing what was believed to be a mangled and crushed flesh and bones. The whole mass was put in coffins and taken to the morgue.

FUNERALS OF VICTIMS.

CHICAGO, Ill., March 21.—The funeral of Mrs. James Kirk, one of the victims of the fire in New York, took place today from the Kirk residence at Evanston.

At the same hour the funeral service of two other victims of the Windsor fire disaster, Mrs. Isabel Cobb Leland and her daughter, Miss Helen Leland, were held at the Leland residence. The Chicago Hotel Men's Association adopted resolutions of condolence on the death of Mrs. Leland and Miss Leland, and attended in a body.

CARDINAL GIBBONS MAY BE NEXT POPE.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Mar. 21.—A dispatch to the Evening News from Brussels revives the rumor that Cardinal Gibbons may be the next Pope.

SUBSTANTIAL RAISE IN WAGES.

Associated Press Dispatches by The Tribune's Special Leased Wire. CINCINNATI, Mar. 21.—The John B. Morris Foundry Company has notified its employees that beginning March 27th wages of bench molders will be increased from \$13.50 to \$18 per week, of floor molders from \$15 to \$18.50 and there will be 5 per cent advance on piece work.

EDITOR MEDILL.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Ill., March 21.—The burial rites over the remains of Joseph Medill, who died at San Antonio, Texas, Friday, were held here today. Rev. Robert Collier of New York officiating. The obsequies were largely attended. Out of respect to the memory of Mr. Medill, the City Hall was closed.

AND TOD SLOAN WAS UNPLACED.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, March 21.—At the Lincoln meeting, of which this was the second day's racing, the Sudbrooke Place was won by Lady Janet Swirl, with Tod Sloan in the saddle, was unplaced. There were nineteen horses in this event and the betting was 5 to 1 against Swirl.

The Lincolnshire handicap was won by General Peace, owned by Captain Bewick. Lord William Bessborough's 6-year-old, Knight of the Thistle, carrying 118 pounds, with Tod Sloan up, was second, and H. V. Long's 3-year-old colt, Lord Edward II, was third. Twenty-six horses ran.

General Peace is a brown colt by Gallinule out of Moira, 5 years old, and carried 101 pounds. The conditions of the race were as follows:

"The Lincolnshire Handicap of 1,000 sovereigns, added to a sweepstakes of fifteen sovereigns each, ten forfeit, for 3-year-olds and upwards, the winner of any handicap after the weights are published (January 25, at noon) to carry five pounds of two or one value 200 sovereigns, seven pounds extra; second to receive 100 sovereigns, out of the stakes entrance, five sovereigns, if only forfeit, if declared to Messrs Wetherby & Sons by Tuesday, January 31st, the straight mile (66 fms), 18 of whom declared forfeit) closed January 3, 1899."

SHOT A CHICAGO MILLIONAIRE.

Gets Three Bullets But Is Likely to Recover.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, March 21.—John T. Shayne, the millionaire furrier, was shot three times today by E. H. Hammond, a merchant tailor, while the two were dining together at the Auditorium annex. One of the bullets lodged in Mr. Shayne's left shoulder, one in his thigh, and the other in his hip. None of them, it is thought, will prove fatal. Hammond was arrested but refused to talk. Domestic troubles are said to be the cause of the shooting.

ENGLAND IN THE ICE KING'S GRIP.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Mar. 21.—Severe weather continues throughout England. In Leicester 20 degrees of frost have been registered. Great loss has occurred among the live stock, and London has experienced the heaviest snow fall of this winter.

CARDINAL GIBBONS MAY BE NEXT POPE.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Mar. 21.—A dispatch to the Evening News from Brussels revives the rumor that Cardinal Gibbons may be the next Pope.

SUBSTANTIAL RAISE IN WAGES.

Associated Press Dispatches by The Tribune's Special Leased Wire. CINCINNATI, Mar. 21.—The John B. Morris Foundry Company has notified its employees that beginning March 27th wages of bench molders will be increased from \$13.50 to \$18 per week, of floor molders from \$15 to \$18.50 and there will be 5 per cent advance on piece work.

EDITOR MEDILL.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Ill., March 21.—The burial rites over the remains of Joseph Medill, who died at San Antonio, Texas, Friday, were held here today. Rev. Robert Collier of New York officiating. The obsequies were largely attended. Out of respect to the memory of Mr. Medill, the City Hall was closed.

SHERMAN DIES ON THE STEAMER. The Passing of a Colossal Figure.

NEW YORK, March 21.—A special telegram reports the death of John Sherman on board the Paris.

SHERMAN'S DEATH CONFIRMED.

SANTIAGO DE CUBA, March 21.—The signal office confirms the report of the death of John Sherman, who was a passenger on board the American line steamer Paris, now making a tour of the West Indies with a party of Americans.

The party left Balquair, about fifteen miles from this city, an hour ago, and is expected here every moment.

No details were obtained from the signal service regarding Mr. Sherman's death.

LAKE STEAMER DRIVEN ASHORE.

Fast in an Ice Drift and Is Badly Listed.

Associated Press Dispatches by The Tribune's Special Leased Wire. RACINE, Wis., Mar. 21.—The Goodrich passenger steamer Atlanta is on the beach two miles south of the drift ice which was caught in the southeast gale. She is reported badly listed. The passengers are still aboard. A life saving crew has gone to the rescue.

NOT IN DANGER.

MILWAUKEE, Wis., Mar. 21.—The Goodrich Transportation Company's steamer Atlanta was bound on her night trip from Chicago to Milwaukee. She carries about her usual number of passengers and a cargo of freight.

Secretary Reynolds of the Goodrich Transportation Company, when seen today, said the steamer was not ashore and he considered her not in danger.

"Though she may be in shallow water," said Mr. Reynolds, "the steamer is not ashore, and the wind drifted the ice to the shore, and the steamer, while apparently unable to release herself, is not considered in any danger."

French Steamer Aground.

GIBRALTAR, Mar. 21.—The French steamer Burgundia, Captain Buhs, from New York on March 3d, for Marseilles, is aground off Algeiras.

It's the Grip.

That counts in Eye-Glasses, and it's the only way to get them. Our patent is a "Grip." Can't you see it? Two noses cannot be found which are exactly alike in dimensions. We bear this in mind when fitting Spectacles and Eye-Glasses and achieve results which give comfort to the nose. It costs nothing to consult us.

COVERING LOCAL FIELD.

While the Tribune pays special attention to its fine telegraphic service, it does not forget the fact that the people want to know what is going on at home. Special effort is made to secure and brighten up the local events of the day. In the Tribune of last evening, including telegraph and local news, there were thirty-nine columns of news matter. This is a showing that any paper may well be proud of. It costs money to gather this news and it costs money to get it to press early so that the Tribune readers may have their papers at a reasonable hour. At the same time the Tribune knows that its patrons appreciate the splendid service they are receiving.

Believing that the people are interested in the proceedings of the local legislative bodies, it has been the aim of the Tribune to give the full proceedings of the Board of Supervisors, City Council, and other public bodies in this city. Special men are on duty at the City Hall and Court House, ready to record any event that may be of interest to the public.

The columns of the Tribune are always open to the public who desire to discuss any subject of interest over their signature. Every detail that pertains to a well conducted newspaper is carefully looked after by the Tribune. The local news is made a special feature as well as the telegraph department. In a word, the Tribune aims to be a newspaper.

SUPERVISORS FIX WATER RATES.

Roeth Ordinance Is Passed by County J. H. Watkinson Makes An Appeal for Fair Rates. Fathers.

The Supervisors yesterday afternoon passed the ordinance establishing water rates, introduced by Mr. Roeth, as later amended by Mr. Church.

Mr. Mitchell moved that his ordinance be passed.

Mr. Roeth moved that his ordinance be adopted.

There was no second to either motion.

"With reference to the water rate ordinance," said Mr. Roeth, "we are informed by the District Attorney that we are compelled to make a rate so that the rate of interest of the water company will not be less than 6 per cent nor more than 18 per cent. We are all aware that any rate we might make will be less than 6 per cent. Mr. Mitchell's ordinance is even less than 6 per cent. It is lower even than the ordinance introduced by me. I am ready to vote for the Mitchell ordinance if the water company will agree to abide by the rates fixed in the ordinance."

"I will state," said Mr. Mitchell, "that Roeth's ordinance is less than the present ordinance and allows less than 6 per cent. I am ready to take chances with the ordinance which I have introduced of having the Water Company accept it or not."

"I would like to ask the District Attorney," said Mr. Roeth, "what would be the condition of the ordinance if it should be contested and taken to the courts and the courts should decide that the rates would give an income of less than 6 per cent?"

District Attorney Allen said that would have to be determined by the courts themselves.

"If the Roeth ordinance is under 6 per cent they won't accept it unless they want to. My ordinance," said Mr. Mitchell, "is under 6 per cent, too, and they are just as likely to accept it as they are the other."

Mr. Wells said: "I believe this whole matter is irregular. There have been two motions made and there has been no second to either of them."

Mr. Mitchell said: "I will move the adoption of my ordinance."

Mr. Mitchell said: "I will move the adoption of my ordinance."

to act and allow a reasonable rate on a fair valuation. We are discharging all the money we receive in Oakland and near it, and we should be protected. The rates ought to stand as they are today. There has been put into the plant \$5,000,000, almost \$5,000,000, and not a dollar has been taken out. That has gone into the construction of the works. That amount ought to be taken up and considered, and that is outside of the operating expenses and interest. That amount has absolutely gone into the business. We bought land, too, cheaper than anybody else could have bought it. We bought it at greatly reduced prices. We have made some mistakes. We have a lake twelve miles from Oakland and if you want to buy land there you would have to pay twenty times as much for an acre as we did. We have to pay out money for all kinds of purposes. Last year we paid out \$97 for charity. People come along and say we have been taking your water for twenty years, we want you to buy a ticket. You can't refuse them. We paid out \$97 in charity and the city struck it out. That is what has gone into the construction of the works. I don't want you to do any small business like that. I am interested in pleasing the public, but just because the public would like to have water at a nominal sum, I hope you will not grant their wishes."

Mr. Wells—When did you declare your last dividend?

Mr. Watkinson—Five years ago.

Mr. Wells—Have you levied an assessment?

Mr. Watkinson—No, by borrowing money and "skiving" around we managed to get along without an assessment. The estimates of engineers vary and some of them have placed the value of the water works at \$4,555,000. I appear here from a motive of economy. Lawyers charge high, and we want to do what we can to save money. I hope you will have the old rates established. If the operating expenses were normal this year it would not be so bad, but owing to the scarcity of the water we shall have to get water for our consumers from other sources.

Mr. Talcott—The efforts made before the Board to ascertain the receipts and expenditures of the company were based on the receipts of '97. The ordinance in force outside was considerably higher than either of the ordinances. I've been willing to have it reduced, but I am discouraged. All that was collected outside was a little over \$11,000. Since then some of the territory has been taken into this city. I suppose the ordinance will effect not more than one-twentieth of the receipts of the companies. If Oakland had a chance to pass an ordinance at this time I would be opposed to having the city help out. They kept the rates down in Oakland and we have our nose kept to the grinding stone. I don't see any reason why we are compelled to keep our rates up above what the city rates are. It is unfair and I'll not vote for it any longer. If the city will bring the rates up I am willing to vote for similar rates. I am in favor of the ordinance (the Roeth) now before the Board.

Charles Snook spoke in behalf of petitioners for the change in rates. He said that the Mitchell ordinance equalized the rates, between the people and the county and that it was as equitable a measure as could be drawn on the subject.

Mr. Watkinson—I have analyzed the Mitchell ordinance, more than Snook has. The Mitchell ordinance gives us \$400 in excess of what we had from a certain supply of water, the roads \$4,000 and \$5,000 from us. The Roeth ordinance does not give us 6 per cent. It's an improvement on the Mitchell ordinance, which is pernicious. We are doing better out in Berkeley. Berkeley pays us a higher rate than you are paying us. There is no lower rate in Berkeley than \$1.50. San Leandro and Berkeley are paying us more than you are. San Leandro rate are doing us justice. Berkeley is doing more than justice. I would like to have San Leandro, Oakland, Berkeley and the county have all the same rates. Mr. Talcott says the county ought to have the same rates as the city. I don't think so. The patrons in the county are widely scattered and long lines of pipe must be laid to reach them. In the city the consumers are close together. There is more expense in hanging country consumers. If you want to turn on or shut off water it takes a man a day to make the trip. The schedule of today would look ridiculous compared with the schedule of some years ago. I can remember when the water rates were 75 cents per 1,000 gallons. Talcott does not know what it is to pay high rates for water. A stroke of your pen could work us out of a thousand dollars. I hope you will allow the Roeth ordinance to stand.

The vote on Mr. Mitchell's ordinance resulted in the failure of the measure to pass by the following vote:

Ayes—Mitchell, Talcott—2.

Nays—Church, Roeth—2.

Excused—Wells—1.

Mr. Wells wanted to have the features of the Roeth ordinance read verbatim. He said he was opposed to some of them and was in favor of others of them.

The motion to adopt Roeth's ordinance as amended by Mr. Church was put and prevailed as follows:

Ayes—Church, Roeth, Wells—3.

Nays—Mitchell, Talcott—2.

"Why," exclaimed Mitchell to Mr. Wells, "You're voting for the Roeth ordinance."

"I know it," said Mr. Wells in reply. The Supervisors then adjourned.

A CROOK SHOULD NOT BE NEGLECTED. "A Crook Should Not Be Neglected" is a simple remedy and gives immediate relief. Avoid imitations.

An Artistic Designer.

Mrs. N. C. Burnett, for many years teacher of painting and drawing in Oakland, but recently of San Francisco, has opened apartments in rooms 25 and 27, Abrahamson block, Thirteenth and Washington streets, where she will be pleased to meet those wishing specially designed artistic garments. By her knowledge of the art of painting and drawing, Mrs. Burnett is enabled to do an elaborate style of dress that suits the form or fancies of her patrons. Her experience in the art of designing has been among the large establishments of the metropolis, where her services have been sought by leaders in the fashionable world.

MAYOR SNOW ON THE NEW LAW.

Tells How the City Will Experiments Will Have Now Be Beautiful to Be Made on Certain Streets.

Mayor-elect Snow, in several of his speeches during the recent campaign, as well as on other occasions, has urged upon his fellow citizens the value to a city of some systematic and scientific, as well as rational care of its trees and street borders. The citizens by a most decided vote at the last election placed themselves and the city of Oakland under the operation of the act of the Legislature regulating this subject.

Mr. Snow, in response to a request, explained the scope and purport of that legislation, at the same time giving some interesting views of his own as to how it may be made most serviceable to the people of Oakland and to the popularity and repute of this city as a place of residence. It will be seen that under his administration this act will pay the fullest attention to the rights and wishes of those property owners whom it will affect, and that its usefulness will not be endangered by experiments on too large a scale. Its induction into practice will be made gradually, experimentally, and by the easiest and safest stages, and it will be in time extended in the ways that shall be found most satisfactory and practicable, so as to finally bring our fair city under a harmonious and slightly aesthetic standard which will prove of benefit to all classes of citizens.

"The act of the Legislature under which our people, by their very pronounced vote have placed themselves," said Mr. Snow, "provides that the city's streets, wherever the grade is actually established, which have been actually graded, may be planted with palms, trees and shrubs, and the edges of the sidewalks, always and only by special order of the City Council, and that body is authorized to provide for the maintenance and care of trees so planted. This imposes upon the Council the power to give orders for the care and training of the trees and hedges that shall be set out or that are already set out."

"This work can be undertaken only after the passing and advertising of a resolution of intention, specifying the kind of trees, their age, size, and the distance from the sidewalk. It is proposed to plant them. Owners of a majority of a street frontage may within ten days file a written statement of objections, which must show wherein the parties will be injured or aggrieved; and, they object to the kind of tree proposed, they shall name some other tree."

"I may say here along with this explanation of the law, that I believe it is not proposed to line the streets in any stiff, set way with mere shade trees, but by means of the harmony of shrub trees and palms, by a bit of color here and there, to secure a relief to the eye, and to avoid the stiff effects of straight streets dressed all alike on both sides."

"The Council is obliged to hear objections and obliged to accept the owners' choice of trees, where a majority in frontage units and all work shall be deferred, if the objections are sustained. No order for the planting of any trees shall be given until the Council that does not provide for their care and maintenance by the contractors for three years, this including the replanting of any that shall die with others as old and large as growing."

"The Council may condemn as nuisances growing weeds, whose seeds are spread by winds, and may compel their eradication by the owners of lots or at their expense. Hereafter, and before the city had placed itself under the operation of this statute, all attempted ordinances in this direction were futile. Canada thistle farms have been known to exist with impunity on property in the heart of the city belonging to persons who took the deepest interest in almost every other line of public improvement."

"I would say here," continued Mr. Snow, "that the success of this law in operation depends in my opinion upon the avoidance of doing anything on too wholesale or reckless a scale. It should never be attempted to set out a large portion of the city at any one time. That should be made at first in a very small way or places rather than on streets, or on gaps existing in the present shrubbery. The execution of this law should be considered largely a matter of experiment. So I believe it may be made successful as one of the greatest ultimate advantages to our city."

"The law seems to me to aim to protect the property owner in every conceivable way. Every opportunity is offered him to protest, to modify, to direct."

"For one thing, it is held by experts, and will be admitted by all householders, that streets running east and west must not have shade trees at all, because the northern exposure of houses on the southern side need all the sun that they can get. On the other hand, streets running north and south are wonderfully adapted in our climate to large shade trees."

"The expense for this variety of improvements is to be assessed to property owners in the same manner as other street work, according to the front foot dimensions of property abutting on the street."

"I may say here along with this explanation of the law, that I believe it is not proposed to line the streets in any stiff, set way with mere shade trees, but by means of the harmony of shrub trees and palms, by a bit of color here and there, to secure a relief to the eye, and to avoid the stiff effects of straight streets dressed all alike on both sides."

"The Council is obliged to hear objections and obliged to accept the owners' choice of trees, where a majority in frontage units and all work shall be deferred, if the objections are sustained. TUESDAY, MARCH 21, 1899.

It will surprise most people to learn that the season's rainfall in Alameda county is five inches more than it was at this time last year. There need be no further fears, therefore, about damage being caused to the crop by drought.

Our California boys in the Philippines will realize that they are not forgotten when they hear of the \$600 a month ordered by the State Red Cross Society for their sick and wounded. The "old folks at home" are proud of their representatives.

Oakland loses a useful citizen and the Republican party a loyal adherent in the death of J. T. Carothers. He served the city as Councilman for two years, and later as member of the Board of Works, and in public as in business life gave ample evidence of his energy and progressiveness. He will be sadly missed.

Those who know Governor Gage well are satisfied that there is only one contingency whereby he might be willing to call an extra session of the Legislature, and that is the assurance that the majority of the members had agreed upon a Senator. It is a sure thing that he would not take any chances about another deadlock that might continue indefinitely at an expense of about \$2,500 a day to the State.

Gold must be getting hard to find in the Klondike when they have to resort to the old-time brass-filled brick in order to be able to raise the wind. The bottom has fallen out of things up there so completely that it is certain that the efforts of the transportation companies to get up another spring rush are going to fall flat. Thanks to newspaper enterprise, the people have at last got their eyes thoroughly opened to the exact condition of affairs up there.

DOWN ON BIG STORES.

Interest will be renewed in the German Reichstag's treatment of its new experiment in taxation, now that its little rift with the Emperor has passed without bringing about that body's dissolution. The government of Germany has undertaken the raising of revenues on an entirely new plan, and with a motive quite unusual in economic legislation. This is a bill requiring large business establishments to pay taxes confessedly out of all proportion to those levied upon the smaller shops, with a view to checking the growth of the department store system.

Stores employing more than twenty-five persons come under the operation of the proposed law. Those dealing in two distinct lines of trade, as food and clothing, are to pay ten per cent of their profits in taxation; those trading in three, as furniture or jewelry or glassware, in addition to the former two, pay fifteen per cent; for four branches the tax is twenty per cent, and for five branches of goods, the payment is twenty-five per cent of the profits. Stores with branch establishments are treated as if all were under the same roof.

The motive of the bill on the part of the government is said to be the strengthening of it politically among the small shopkeepers and also among the Socialists, who oppose the department stores upon principle.

This basis of progressive taxation upon the tendency of modern larger business houses to eat up or absorb the smaller ones will command very wide attention. It is a distinct departure in the line of governmental interference with monopoly sought out obtained under the laws of trade. It is, moreover, something of a measure of the growing power of the Socialists in Germany. Considered in connection with the simultaneous signal triumph of the Socialist element in the Reichstag over Emperor William on his pet peace footing clause in the military bill, it is particularly significant.

THE PROPOSED EXPOSITION.

In the fight that is being conducted by the Interior press against the measure appropriating \$250,000 for the proposed exposition in San Francisco in 1901 the enemies of the project think that they see an opportunity to defeat it. There is, however, consolation in the fact that everything is now centered in the actions of but one man and that he is made of the kind of stuff that will not bend, or bow before any influences but those of justice and right.

In the days when the measure depended upon the action of the Legislature, this storm of opposition might have had an effect, for many of the members thereof were particularly susceptible to the power of the press, but the attacks were expended in vain even there, for the arguments in favor of advancement and prosperity won the day as against the efforts of those who because they are not able to figure profit for themselves in any particular transaction are willing to act inimically to the interests of all others.

Governor Gage, upon whose action all now depends, can be relied upon to weigh the proposition in the scales of good judgment, for although he has declared himself in favor of a rigid economy in public affairs, he nevertheless will not hesitate at allowing an expenditure that will ultimately prove in the best interests of the people. A quarter of a million dollars is confessedly a good round sum to take from the State treasury, but when it is remembered that it represents but about one-sixth of the total amount it is intended to raise for the exposition by means of local, State and national appropriations, it does not seem like asking too much. It is true that San Francisco will benefit more from the exposition than any other part of the State, but it must not be forgotten in this connection that the metropolis proposes to raise three dollars for every one that is asked from the State funds.

It certainly cannot be denied that the State at large will benefit by the proposed fair. Some people have an entirely wrong conception of what is projected, being inclined to figure on the lines of the Midwinter Fair of about five years ago. This reasoning, however, is entirely fallacious. The plans of those who are endeavoring to materialize the Pacific Ocean Exposition contemplate a fair on the basis of those held in Omaha and Nashville last year, only on an even more elaborate scale. Every interest of the State will be represented and each county will have its own special opportunities for advertising—in short, under one common roof will be gathered evidences of all the attractions and products that have gained for California her world-wide reputation.

Surely the representatives of the Interior cannot therefore claim with justice that the proposed exposition means an outlay for them from which they will get no return. Thousands of visitors will come from other States to participate in the show and untold advertising advantages will be obtained, in addition to which a more thorough knowledge of our resources will be spread within our own limits for it is safe to say that fully one-half of the citizens of California are not aware of the possibilities that are within their reach.

The exposition will doubtless be given even if the State aid is withheld, but of course the less financial support extended to it the less complete it will be. If carried out on the original plans, though, it will eclipse any fair ever held this side of the Rocky Mountains, and at this eventful epoch in our career, when our territorial acquisitions in the Pacific are causing the eyes of the world to be turned with increased interest to the opportunities of the Golden West, it cannot fail, with proper management, to prove one of the most potent factors in the realization of our commercial destinies.

GOOD NEWS FROM MANILA.

The tenor of all the recent advices from Manila shows that the hostilities are rapidly approaching a termination and the prospects are that the next decisive engagement that takes place will result in the insurgents laying down their arms. There is, in fact, little doubt that they would be willing to surrender right at this moment but for the efforts of Aguinaldo, who is striving with might and main to avert the inevitable downfall of his own ambitions.

Some day the natives there will realize that they made a sad mistake when they ever turned their arms against the American flag. We went to the islands not to conquer them but to subdue the power that had held them in tyranny, and the insurrection in a measure savors of the frozen viper that bit its rescuer who warned it upon his hearth. The Filipinos are scarcely to blame, though, as a people, for all of the trouble has been caused by Aguinaldo and a few of his supporters, who were anxious to set up a form of government of their own, which, if permitted, would have proved more oppressive than that of Spain.

The combined assault of Otis on land and Dewey by sea has, however, at last about brought them to their senses, and it will not be long ere they accept the conditions created for them. Their civilization and progress will take root there as never before and the dawn of the twentieth century will witness their emancipation from the thralldom of semi-savagery in which they have been living. The

march of civilization goes steadily on, and every American can feel proud that the Stars and Stripes is being carried in the van.

San Francisco is trying the experiment of regulating laundries in the same manner as saloons, that is, by requiring the consent of a majority of the adjacent property owners ere a new washhouse can be started. The measure is aimed at the constantly increasing Chinese laundries, and although it is contended that the ordinance is unconstitutional, it is to be hoped that it will stand the test as a police regulation. A Chinese washhouse is neither "a thing of beauty nor a joy forever," for it is not only offensive to the eye, but its rank odors make it a menace to the health and happiness of all dwelling near by.

Few outside of the old-time speculators keep track of the local mining stock reports, for securities of that description are not regarded with much favor nowadays. There has been quite a flurry of late, though, consequent upon some new finds along the Comstock, and the brokers are being awakened out of the lethargy into which they had fallen. Of course, the good old days when fortunes could be lost and made in a day on the local charge are seemingly gone for ever, for everything is now conducted upon a more substantial basis, and there has to be something in sight before a dollar will be put up.

One good effect of the expansion policy of the Administration is the benefits accorded to the Pacific Coast in the line of liberal appropriations. It is, of course, realized that our maritime facilities on this side of the continent have been badly neglected, and as it is desired to build up the Western commerce as speedily as possible, river and harbor improvements that have been a crying necessity for many years past have been ordered. It looks as if we will have to be thankful to Spain after all for having engaged in war with us, thereby calling attention to all our weak spots.

Judging by the fight made in the Legislature, the farmers of the State do not propose to take advantage of the free market facilities in San Francisco awarded them two years ago unless they can have the location exactly where they want it. The State Grange and various other industrial organizations made a desperate effort to obtain one of the wharves now controlled by Goodall, Perkins & Co., and having failed in that, have let the proposition go by the board altogether. They don't believe in that "half a loaf" idea.

John D. Rockefeller will have a hard time pouring oil on the troubled waters he has stirred up in England. The newspapers are all jabbing him for his recent operations in the House of Commons, and for once are resenting having so many American dollars placed in circulation. It is an awful shock to John Bull to find traces of bribery in his much vaunted Parliament.

ENTERTAINMENT AT ST. MARY'S COLLEGE.

The students of St. Mary's College gave a literary and musical entertainment last evening at the college building. The hall was tastefully decorated for the occasion and was filled with a large audience. The numbers were presented in an excellent manner. At the close of the performance Rev. Father J. Cranwell delivered a short address. The entertainment was given under the auspices of the Athletic Association of the college. The following was the program:

Medley, "Irish Airs," orchestra; recitation, "The Dandy Fifth," William Eccles; vocal solo, "The Old Abbey Bell," J. P. Young; "99," recitation, "The Paschal Fire," C. H. La Valliere; "92," bass solo, "The Cradle of the Deep," James Blossom; recitation, "The Spectre Review," E. C. Rice; "92," tenor solo, "Sweet Innecarra," J. P. Plover; "92," reading, "The Flag," A. J. Henno; "92," recitation, "The Call of Bagdad," orchestra; extract, "Brown's Hair Cut," F. W. Corcoran; "92," baritone solo, "King of the Forest," E. J. Mullaly; "92," recitation, "Irish Drummer Boy," J. M. Lawler; "92," violin solo, "L'Argonne," W. Wetteman; "92," recitation, "Green Above the Red," J. T. Kellan; "92," tenor solo, "Eily Mavourneen," F. E. Michel; "92," selection, "An Encounter," J. P. Fitzgerald; "92," double quartet, "Good Night," F. Michel; "92," J. Plover; "92," W. Walsh; "92," G. Walsh; "92," H. Hart; "92," E. Mulaly; "92," E. C. Rice; "92," Young; "92," recitation, "Brown's Hair Cut," W. J. Walsh; "92," finale "March," orchestra.

NAVAL TRAINING SCHOOL WILL BE ERECTED.

A telegram from Washington says the contract for the building of the Naval Training Station at Goat Island has been let to the firm of Campbell & Pettus of San Francisco, the lowest bidders, for \$74,000. This is the institution which was made possible by the passage of a bill through the earnest effort of Senator Perkins, making an appropriation of \$200,000 for the work.

Are gaining favor rapidly. Business men and travelers carry them in vest pockets, ladies carry them in purses. Lovers keep them in medicine chests. Friends recommend them to friends. See

COUNCIL ADOPTS THE UPTON RATES.

No Discussion Over the Much Routine Business New Rates For the City Handled by the Council.

At the meeting of the City Council last night the water rate ordinance for the next fiscal year, which was introduced several weeks ago by Councilman Upton of the Fire and Water Committee, was finally passed.

No action was taken upon the Earl water rate ordinance, which at the last meeting of the Council was referred to the Ordinance and Judiciary Committee.

The vote by which the Upton ordinance was passed was as follows: Ayes—Cuvellier, Girard, Henneberry, Pringle, Rowe, Upton, Woodward, Heltmann—8.

Nays—Brosnahan, Earl, Watkinson—3.

The ordinance was read by the clerk and then placed upon final passage.

There was no discussion and as soon as the vote gave nabove was taken the other business of the Council was proceeded with.

PETITIONS AND COMMUNICATIONS.

From the Board of Public Works, submitting bills in the matter of trees for Lincoln Square. Auditing and Finance.

From the City Treasurer, showing the condition of the treasury at the end of February. Filed.

From the Chief of Police, showing the cost of feeding prisoners in February to have been \$115.92. Filed.

From A. W. Duck, to erect a shed in the rear of 1234 Broadway. Fire and Water Committee.

Approving the bond of the Oakland Paving Company for the remacadamizing of Jackson street from Fifth to Eighth street. Adopted.

From the Board of Police and Fire Commissioners, recommending claim of P. Keeder for \$17.50. Auditing and Finance Committee.

From B. Bennett et al., for sewer in East Fourteenth street from Second to Third avenues. Referred to Street Committee.

From the City Engineer, recommending the establishment of curb grades on San Pablo avenue from Emeryville north. Referred to the Street Committee.

RESOLUTIONS.

Resolutions were disposed of as follows:

Granting to L. H. Briggs permission to raise the house at the northeast corner of Thirteenth and Clay streets. Adopted.

Granting F. O. Erwin permission to construct a sewer from a point on Twelfth street 100 feet easterly from Oak street to Fallon street and on Fallon street to Eleventh street. Adopted.

Approving the bond of the Oakland Paving Company, with J. W. Havens and Anson S. Blake as sureties, for the remacadamizing of Jackson street from Fifth to Eighth streets. Adopted.

Granting R. C. Maudslayi an extension of thirty days to complete cemetery creek sewer. Adopted.

Establishing the pay for the use of polling places at the late city election. Mr. Rowe moved that the amount be set at \$5 per day.

Mr. Henneberry moved to make the amount \$3.

Mr. Henneberry's motion prevailed by the following vote: Ayes—Brosnahan, Cuvellier, Earl, Girard, Henneberry, Watkinson, Woodward—7.

Sidewalking Bay Place from Oakland avenue to Valdez street. Adopted.

These resolutions were taken from the committee.

Mr. Brosnahan said that poor people had been to see him and had told him that they had been obliged to put down their walks and that rich property owners had not been required to do so.

ORDINANCES PASSED.
The following ordinances were finally passed:

Amending section 2 of ordinance No. 1831, granting right and franchise to South Pacific Coast Company to lay and maintain tracks and operate trains thereon along and across certain streets in the city of Oakland.

Repealing a portion of an ordinance declaring the streets in Oakland public highways affecting the territory bounded by Filbert, First, Seventh and Market streets.

Repealing ordinance No. 1673, being an ordinance compelling railroad companies to maintain flagmen at certain street crossings.

Authorizing James P. Taylor to erect a coal bunker on Franklin street wharf. Regulating the operation of railroad trains at certain street crossings.

Repealing ordinance No. 1854, regulating flagmen at various crossings.

Repealing ordinance No. 1449, on the same subject.

LIQUOR LICENSES.
Liquor licenses were granted as follows:

Frank Cooper, 601 Third street; J. W. Harris, 413 Twelfth street; G. T. Bush and J. P. Sheehan, 1223 Broadway; J. Lufdeman, Seventh and Washington; Isidore Manuel, 213 San Pablo avenue; Melchels & Warnecke, 601 Broadway; C. M. Pactor, 1420 San Pablo avenue; Wm. Watkinson, 474 Thirteenth street. The Council adjourned until this evening.

Mr. and Mrs. J. T. Armstrong were recently in Stockton.

Mr. George B. Campbell is registered at the Yosemite, Stockton.

The Misses Agnes and Jessie Parker of Santa Cruz are visiting in this city.

C. Rorich is registered at the St. James, San Jose.

J. H. Lawrence and family of Sacramento have come to this city to reside.

Mrs. Roland Jennings and brother, Maurice Condon, of Berkeley, have returned from a visit to Stockton.

Mr. and Mrs. Allen Fairweather and Miss Clara Haight of Berkeley are spending a few weeks in Montana.

Miss Laura Keane has returned from Sacramento, where she has been visiting her sister, Mrs. J. A. Owens.

Miss Louise Drescher of Sacramento is attending Miss Head's seminary in Berkeley.

Mr. and Mrs. George Martin of San Francisco are now residing at 1413 Paru street, Alameda.

Miss Blanche Frost of Alameda has accepted a position as school teacher at Los Uvas, Santa Clara county.

Mrs. Rhodes of Pleasanton is visiting her son in this city.

Miss Della Hewett of Pleasanton was recently visiting friends in this city.

returned to Los Gatos after a few days' visit in this city.

Miss Georgia Cables of Berkeley is sojourning in Southern California.

Horace Pelton of Berkeley is spending a week in Los Angeles.

Leon T. Hood of Berkeley has gone to Paso Robles.

J. L. Barber was recently in Napa.

William Higgins of Fruitvale is visiting relatives in San Jose.

Mr. MacMentury is the guest of Rev. J. R. Compton of San Jose.

Miss L. L. Stebbins has returned from a visit to friends in Los Gatos.

Mr. Barlow has returned from a three weeks' visit to friends in Los Gatos.

PAWNED THE VIOLIN AND THEN BOWLED UP.

Paul Egly, a violinist of San Francisco, has had a charge of felony embezzlement filed against him by Dr. C. F. Burgess on account of the disappearance of a violin of the doctor's which the latter values at \$250. On the 8th of this month Egly borrowed the doctor's instrument on the ground that he wanted to keep an engagement to play at a dinner in the Palace Hotel ball room, his own violin being, as he claimed, in the repair shop. Burgess had an engagement for the same night, but surrendered his violin to Egly as an accommodation. A few minutes later Egly pawned the instrument for \$11 and came to this city, where he indulged in the flowing bowl. He sent the pawn ticket to the doctor and through a mutual friend declared the doctor could redeem the violin himself if he felt so disposed. A police officer is searching for Egly, who, however, has thus far managed to elude the minion of the law.

MARRIED LIFE NOT A PATH OF ROSES.

Mrs. Johanna M. F. Schmidt has again brought suit for divorce from Jacob Schmidt. The couple were first married in 1894. After two years of married life Mrs. Schmidt was granted a divorce. A few months later they agreed to try married life again, and the marriage vows were once more taken. Their second term of happiness, however, did not live long as the first. Mrs. Schmidt now seeks a legal separation on the grounds of cruelty and failure to provide. She also asks for the custody of their minor child.

LADIES NIGHT AT THE RELIANCE CLUB.

The tournament game of indoor baseball between the Olympic and Reliance teams at the Reliance club this evening will be made the occasion for a ladies' night. The Reliance orchestra will furnish the music and at the conclusion of the game an impromptu dance will be given.

The Olympics have twice met defeat at the hands of the local team and a great deal of interest is being taken in this contest. The last game played at the Olympic Club was on a ladies' night, which was well attended. The ladies have taken a decided interest in this game.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

P. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Solid Oak Bedroom Suits.

New and some a little used; must go. They are beautiful. Splendid wire and top mattresses for same. A number of extra good oak stoves with fixtures; 408 Eleventh street, corner of Franklin. H. Schellhaas' old store.

Maison Piedmont Bakery.

Is noted for its fine pastry and bread. Eighth and Washington streets.

Liquors For Families.

Furnished and delivered free. Purity and quality guaranteed. Landregan Bros., 912 Broadway. Telephone main 570.

The Comstock Exchange.

A quiet place for gentlemen. Best wines, liquors and cigars. Fourteen years established. T. E. Finch, prop'r, B. W. cor. Broadway and Sixth.

THE MOST DELICIOUS.

Candy is made here. That is the opinion of the people not our say so alone.

And it is not only good but absolutely pure. We buy the best goods, employ competent workmen and have clean, well ventilated workrooms. The utmost care is taken in all processes of manufacture have everything right.

Easter Eggs and Novelties are now on sale.

LEHNHARDT'S

Candy and Ice Cream Parlors. 1159-BROADWAY Between 13th and 14th.

In the olden times it was no uncommon occurrence for sensitive, delicate women to be beheaded for trivial or imaginary offenses. In this respect the world has made great strides. Nevertheless, the delicate woman still suffers death in a slower and more tortuous manner, and for no other reason than that she is a woman, and for whatever, save a little ignorance, or possibly, a little respect.

The woman who suffers from weakness and disease of the distinctly feminine organs, who realizes it or not, is being slowly but surely tortured to death. She suffers almost continually with sick headache. She has pains in the back, the sides, the stomach, the liver, the heart and shooting pains everywhere. She experiences burning and dragging down sensations. She becomes weak, nervous and despondent. She neglects her home, and is impatient with her husband. If she consults the average physician, there is not one chance in ten that he will hit upon the real cause of her trouble. He will attribute her bad feelings to stomach, liver, heart or nervous trouble. A woman in this condition should consult some eminent and skillful specialist who has had a wide experience in the treatment of these ailments.

Dr. R. V. Pierce, for the past 20 years, has been a chief consulting physician to the "Invisible" Hotel and Surgical Institute, at Buffalo, N. Y., has, with the assistance of a staff of able physicians, prescribed for many thousands of women. He has invented a wonderful medicine for ailing women, known as Dr. Pierce's Favorite Prescription. It has stood the test for thirty years. It acts directly on the delicate and important organs concerned in wifehood and motherhood, making them strong and well. It allays inflammation, heals ulceration, soothes the system, and builds up the nerves. It transforms weak, nervous women into healthy, happy wives and mothers.

"It was an invalid for over a year with change of life," writes Mrs. C. Smith, of Cor. Cascade Co., Mont. "Had pains across the pit of my stomach and such extreme weakness I could hardly walk. I took one bottle of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am entirely well."

DR. COOK HAS NO MONEY.

Says That He Cannot Support Two Families.

Dr. Francis S. Cook will not have to pay alimony to his divorced wife, Mrs. Virginia M. Cook. Judge Ellsworth gave this decision yesterday after listening to the testimony of the physician.

About a year ago Mrs. Cook related a tale of unhappiness to the court and secured a decree of divorce. She was also granted monthly alimony on the showing that Dr. Cook was enjoying a lucrative practice.

The medico then disappeared and Mrs. Cook heard nothing of him nor the alimony for some months. When he returned a citation was issued ordering him to appear in court and explain why he should not be punished for not paying the alimony.

Dr. Cook explained on the witness stand that he had married a second wife in Reno, Nev., and that his income was not sufficient to support two wives and families. He stated that his income did not exceed \$50 a month and that he had to expend \$20 a month for the maintenance of a horse and buggy.

Mrs. Cook's attorney argued that his client was entitled to support. The court, however, could find no provision in the code to compel a man to support two wives. Judge Ellsworth also held that \$30 was not more than sufficient to support a physician in a proper manner.

ELLIS HITS HARD AT CHRISTENSEN.

Red-Hot Reply of Livermore Man to Attack on His Machine. Challenge Is Accepted, Now Let the Money Be Put Up.

Editor Tribune—Christensen seems to have retired from the controversy. He is now carrying on the controversy by proxy. Apparently the mechanical rump of "the combine" has pulled itself out of the wet and the political end has again put itself into vulgar evidence under the mask of the rump end. That is the conclusion that the letter in last night's Tribune, signed by Christensen and written by somebody else, forces us to.

Calmly and plainly, Mr. Editor, I do not care which end of the combine offers itself to be rapped. I am entirely willing, now that the fight is on, to carry the war into Africa, and the darkest part of it.

I enjoy the conflict when it is in the open. For a long time a bashi-basook fight has been waged against the Ellis machine. Recognized from the fact as the only machine which could not throw dust in the eyes of the public, to magnify a mob into a mountain. In a lengthy letter in last evening's Tribune, his proxy "lucily" makes further nubile confession by evading denial.

That Christensen unfairly tried to make it appear that I took part in the Chronicle expose in order to justify his attack on me. That he declared openly before the commission that my machine was the only one he was after, the only one he considered a danger to his machine. That his machine would not stand the test when presented to the commission.

That he failed to "go" for my machine before the commission, as he boasted he would.

That he has never submitted his voting machine to a public test, and that he dare not.

That his nut and screw scheme is an old and abandoned invention of Mr. Myers of New York.

That he stole from me the interlocking movement he put into his machine when he presented it to the commission.

That his screw rod voting machine is relatively thirty times more bulky than a voting machine need be which employs mechanical counting wheels.

In his proxy reply he is still further

WHISKEY VS. MEDICINE.

Under War Revenue Law Only One Whiskey Is Taxed as a Medicine.

Under the new Revenue Stamp Law whiskeys are exempt from taxation, but medicines are taxed. It is a notable fact in connection with this truth that there is one whiskey which is acknowledged by the Government to be a medicinal whiskey and which is, therefore, stamped.

This unusual exception is made in the case of Duffy's Pure Malt Whiskey the Government recognizing its medicinal qualities, which do not belong to any other whiskey. It is a complete confirmation of what has been known to the medical profession and scientists for many years, namely, that Duffy's Pure Malt Whiskey is a medicinal whiskey, as different from other kinds of bottled whiskeys as strong medicinal waters are different from ordinary waters, as different from other whiskeys as a medicinal preparation can be different from a preparation containing no medicinal qualities.

It is gratifying to know that people who are not slow to take advantage of all that is meritorious are using Duffy's Pure Malt Whiskey for medicinal purposes and that it continues to accomplish wonders.

LITTLE CHANGE IN THE VOTES.

Council Will Complete Canvass This Evening.

At the close of the routine business of the City Council last night the canvassing of the vote cast at the late election was begun.

Chairman Helmsman, said that he had told Messrs. Clement and Miller, rival candidates for City Engineer, that he would appoint as members of the canvassing board any member of the City Council whom either might suggest. Accordingly he declared that Mr. Clement had selected Councilman Earl and Mr. Miller had selected Councilman Rowe.

The chair then stated that he would appoint, as the member of the board, Councilman Brosnahan.

The canvass was then proceeded with, Assistant City Clerk Holland doing the tallying.

He also announced that J. E. McElroy would represent Colonel T. F. Garrity and that L. S. Church would represent Mr. Clement as counsel.

After the tally sheet of the second precinct of the First ward had been passed to City Attorney Dow and Superintendent of Streets Miller they called attention to what they thought was an error of ten votes in Miller's favor. The announcement created a stir, but upon further examination was found the tally as read was correct.

In the fourth precinct of the First ward W. C. Fletcher received one vote for Mayor.

In this precinct Clement's total vote was cast as 78, losing one vote for him. Attorney Lin Church called attention to a mistake as soon as the tellers were through with the books. A glass was produced which showed a tally very indistinct which gave Clement 30 votes originally accredited, thereby making no change.

The canvass continued without any change of any moment until the returns from the First and Second wards had been finished, when an adjournment was taken until 8 o'clock this evening. At this point the canvass will be taken up and finished.

Drug Firms Combine.

It has been announced that the drug firms known as Ellis's Pharmacy and Bowman & Co. are to be consolidated on May 1st. After that date the firm will be known as Bowman & Co., with its place of business at M. J. Keller Company's old stand on Broadway between Twelfth and Thirteenth streets.

Mrs. Ballington Booth.

A telegram from Los Angeles says that Mrs. Ballington Booth of the Volunteers of America left there yesterday for Pasadena, after which she would visit San Diego and then come to this city.

STUBBS SELECTS A NEW ASSISTANT.

B. O. McCormick of Cincinnati, passenger traffic manager of the Big Four system, has been appointed to a similar position on the Southern Pacific system by Third Vice-President J. C. Stubbs. He will assume the duties of his office May 1st. He will be subject only to Mr. Stubbs and will relieve him of a considerable amount of work.

Some surprise has been expressed that McCormick should leave the Vanderbilt system and go to the Southern Pacific, but it is generally believed that a big inducement in the way of salary was the impelling motive of the change.

AMES CASE IS STILL IN COURT.

The objection to the appeal bond in the suit of Mrs. Ann Harris against J. P. Ames has been withdrawn and the bond accepted.

Mrs. Harris has won one of her suits against Ames but the case will be appealed to the Supreme Court. A continuance of two weeks was granted in the second suit, in which motion for a change of venue is pending. The defendant wishes to have the case tried in some other court, as Judge Ogden has already passed upon the evidence in the previous case.

Basket Ball Tonight.

The fourth basket ball game of the series between the local Y. M. C. A. team and the San Francisco association team will take place tonight in the Y. M. C. A. gymnasium. This will be the first meeting this season of the San Francisco "Rushers" and the "Athens" and an interesting game may be looked for.

FROM ALAMEDA AND BERKELEY.

Wm. E. Topham Is Found Short in His Accounts. W. N. Macrate Must Answer in the Alameda Court.

BERKELEY, March 21.—The even tenor of Berkeley's placid way has been seriously ruffled by the revelation that William E. Topham, secretary and manager of the Berkeley Electric Lighting Company, has lost the office he has held for many years and an expert is examining his books. The irregularities of which Mr. Topham is accused are neither so deep as a well nor as wide as a church door, but, like Mercutio's wound, they are enough, they will do. As usual in such cases, the culprit is a man of domestic tastes and model habits. The Berkeley Electric Lighting Company is the property of the Oakland Gas, Light and Heat Company. Topham was secretary and manager of the old company, and when the Oakland concern assumed control he was retained in his position. No suspicion that anything wrong had occurred arose until last Saturday, when Topham failed to appear at the office. Manager John A. Britton of the Oakland company was notified, and an investigation was begun. Topham, who was supposed to have been returned and did all he could toward facilitating the examination of his accounts, for which reason there will be no criminal prosecution. Topham says he has been living beyond his means, and used the company's money, intending to return it.

The production by University students of Goldsmith's comedy, "The Good-Natured Man," which is to be given at Shattuck Hall tomorrow and Thursday evenings, is the event that is exciting the most interest in the university just now. Prof. L. Du Pont and Victor Henderson of the class of 1900 have revised the play and adapted it to a modern audience. Without, however, doing violence in any manner to the spirit of the original, it will be given with elaborate nineteenth century costumes and accessories. The following is the cast:

Sir William Honeywood, by H. H. Hirst; Charles Honeywood (his nephew), by A. J. Elston (the good-natured man); Mr. Croaker, by E. T. Bloedel (who looks on the dark side of things); Leonard Croaker (his son), by V. Henderson; Mr. Loft, by H. M. Schwartz; Balliff, by J. B. Southard; Balliff's follower, Dubardier and Solomon, by F. G. Dorsey; Jarvis (a trusty servant), by L. L. Greene; Miss Richard, by Miss L. J. Simpson; Mrs. Croaker, by Miss K. Wolfenden; Olivia (daughter to Croaker), Miss L. E. Molier; Garnet, and Lady of the Talbot, by Miss E. Lundy.

This evening at 8 o'clock Prof. E. B. Brown of the chair of the theory and practice of education will deliver a public lecture on "Academic Freedom." The lecture will be given in the physics lecture room of the South Hall.

James Moffitt of Oakland has offered a cash prize of \$200 to the members of the victorious team in the coming intercollegiate debate. This prize is to take the place of a similar one heretofore offered for several years by Senator George C. Perkins. One of Mr. Moffitt's sons, J. K. Moffitt, graduated at the State University with the class of 1898, and the other, Dr. H. C. Moffitt, in 1899. The former has made several contributions to the University library.

Paul A. Sinsheimer, the newly elected editor of Blue and Gold, has found the duties of his position so exigent that he has resigned his connection with the student daily, the Californian.

Prof. Fowler and Jaffa of the University agricultural department will hold farmers' institutes in Kelseyville

ALAMEDA NEWS.

ALAMEDA, March 20.—As the result of another sensational episode on Thursday last, M. N. Macrate, a Park street real estate agent and coal dealer, was arrested last evening on a warrant sworn out by F. A. Kennedy before Justice Morris, charging Macrate with disturbing the peace—particularly Kennedy's. The men had had a quarrel over business matters, and last Thursday evening in front of the home of Mrs. J. E. Jackson, 2106 San Jose avenue, Macrate, who was in a car with a companion, jumped out and grabbed Kennedy by the arm. "Stop, you scoundrel! I arrest you!" he roared. "Come back to the way!" Kennedy protested, but was forced to accompany his captor back to Mrs. Jackson's residence, where Macrate accused him of collecting bills from Mrs. Jackson which belonged to Macrate. The matter will be aired in the courts, and a sensation is expected.

The City Trustees last night instructed City Attorney Taylor to begin suit against the Sunset Telephone and Telegraph Company for \$336.55. This amount has been paid by the city to the company during the past two years. The City Attorney advised the Trustees that the money was unlawfully collected, as according to the terms of the franchise, the service was to be free to the city.

The Board of Health sent in a communication regarding the building of the Women's Exchange for a city receiving hospital. The proposition of the Exchange was practically refused by the Board.

Dr. Conrad Hess, who had practiced his profession in Alameda for many years, died yesterday morning at the German Hospital in San Francisco. He was 91 years of age.

The funeral of Mrs. Harriet Angel Simmons was held today from the family residence, 816 Railroad avenue. The pall-bearers were Oliver Ellsworth, Frank Otis, Fred S. Cone, W. H. Cone, J. R. W. Goodell and George Mastick, all of whom are members of the family of Attorney E. B. Mastick, of which deceased was an intimate friend.

Before the Alameda Camera Club last night Mrs. Mary Dixon gave an entertaining lecture on Kodak, illustrated by stereoscopic views.

The funeral of Carl Bruntz took place at 11 A. M. today from the family residence, 2061 Central avenue. The remains were cremated at Odd Fellows cemetery, San Francisco.

A horse attached to a cart and driven by Bert Wyber ran away on Railroad avenue, near Park street, yesterday morning. The horse kicked the passenger out of the vehicle, caught the driver by the head, and though the car was upset and the driver hurled to the street, he was uninjured.

PROCEEDINGS OF SCHOOL BOARD.

Raymond Russ Secures the Position of Census Marshal.

The Board of Education met in regular session last night, President Todd in the chair. Present, Directors Clement, Ingler, Gray, Knox, Evans, Russ, Rutherford and Redington.

Three of the newly elected School Directors were also present as spectators and after the meeting of the Board adjourned they were introduced to their associates and a cordial interchange of greetings followed. The new directors were George E. Randolph of the Third ward, Henry Menges of the Sixth ward and Robert M. Price of the Second ward.

A communication was received from Hilma A. Butler asking the Board to grant her a diploma in a special course of German and English that she had taken in the High School.

Director Evans thought the Board had no right to do anything of the kind.

Director Knox took the same stand, and said that it must be understood once and for all that the Board could not grant such requests.

The matter was referred to the High School Committee, which recommended that Principal McChesney of the High School grant the required certificate. The Board adopted the recommendation.

A communication was received from Miss Abbie F. Phillips, a teacher in the seventh grade of the Garfield school, asking for a leave of absence from April 1st to the end of the term. The request was granted.

Professor E. B. Brown, Secretary of the Board of Health, sent in a communication calling the attention of the Board to the fact that smallpox is prevalent in some parts of the State. In view of the fact the Board of Health at its meeting on March 10th had instructed him to call the attention of the Board to the necessity of complying with the statute providing for the vaccination of all the school children. Referred to Judiciary Committee.

A communication was received from P. L. Martin tendering his resignation as teacher of drawing in the High School. The resignation was accepted.

A San Francisco firm called the attention of the Board to the new section of the Political Code relating to fire escapes on school buildings. The firm offered to make a mechanical drawing of the escape. Referred to Committee on School Houses and Sites.

Director Ingler, chairman of the Committee on School Houses and Sites, reported that the roof of the Harrison street school was in bad condition. He said the necessary repairs could be made by the department mechanic and recommended that such action be taken. Recommendation adopted.

The High School pupils were given permission to use the High School gymnasium for the purpose of giving an entertainment.

The regular monthly bills were presented and allowed.

Superintendent McClymonds called the attention of the Board to the fact that the mid-term school vacation begins next Monday, to last one week.

On request, the Board granted the use of the High School gymnasium to the teachers every Wednesday afternoon after school hours. Miss Palmer, the instructor in callisthenics, offered her services to the teachers free of charge.

The matter of making provision for the coming school census was then brought up by Superintendent McClymonds. He recommended that the deputies be limited to the same number as were employed last year—eleven—and asked that he be authorized to employ a tracer if necessary. This request was granted by the Board.

Director Clement then nominated Raymond Russ for chief census marshal, and moved that the salaries of marshal and assistants be fixed at last year's figures—\$5 and \$4. There being no further nominations for marshal, Russ was declared elected. Marshals' salaries were fixed at \$5 and \$4 per day.

Two deputies were to be named, and Director Clement nominated C. A. Fawcett, Messrs. Dunning, Elkiner and Miller were also nominated.

Mrs. Russ was taken and Fawcett and Dunning were declared elected as deputy marshals. Each member of the Board

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. Only, and with a view to impress upon all the importance of purchasing the true and original product. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

CALIFORNIA FIG SYRUP CO.

lin., 2in., and 3in. Pine per M ft. at \$7.00
lin. Redwood Boards per M ft. at 10.00

Humboldt Lumber Co.

Cor. 3d and Washington Sts. OAKLAND

has the appointment of a deputy, and all the vacancies are filled.

On motion of Director Gray, Miss E. H. Hilton was allowed \$60 additional for teaching Latin in the Central school for the past year.

Director Knox said that as Mr. Garlin had resigned as teacher of drawing, and Mr. Osgood was too busy to attend to any more duties, she would move that the position of teacher of drawing be given to Corda Gale of Livermore at a salary of \$1,000 a year. The motion was carried unanimously.

Director Knox also called attention to the terrible draughts in the Central school and said something should be done to abate them.

Edward E. Euford said the Lincoln school was in a similar condition.

The Board then adjourned.

Administrators Appointed.

The following administrators have been appointed: Ferdinand Holton on the estate of Carrie Hokum, Mary E. Elkiner on the estate of Hannah Hickley, Catherine Hyde on the estate of Maurice Hyde, and Kate Cronin on the estate of John Cronin.

School Data.

County Superintendent of Schools Crawford is sending out circulars to the principals of the different schools in the county to get data as to when the schools close and how many pupils will take the examinations.

Estate of Thomas Smith.

The will of Thomas A. Smith has been admitted to probate and Frank G. Andrews granted letters of administration. J. S. Hanly, George L. Lewis and J. B. Lamtree have been appointed appraisers on the estate.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hamilton, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when a friend of Dr. King's gave me a bottle of his medicine. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much for this medicine. It is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottle free at Osgood Bros. Seventh and Broadway. Every bottle guaranteed."

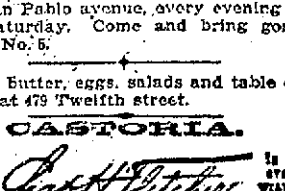

This Week

Special services open to a heartily invited public will be held this week at the Free Baptist Church, Twenty-first street near San Pablo avenue, every evening except Saturday. Come and bring gospel hymns No. 6.

Fresh Butter, eggs, snails and table delicacies at 475 Twelfth street.

CASTORIA

The famous Castoria is the best of all purgatives.

Hosiery Hints.

Foot comfort is an important thing—no need to tell you that. But how to get it? The sock is next the feet, and to that you must look first. Is it the right size? Is it the right texture?

Some people can wear only woolen sock: others are more comfortable with cotton. Every kind and style is here—Washington Street, remember.
